

## **PRICE LIST – December 1, 2018**

*Prices subject to HST except where indicated*

Basic Funerals is a fully licensed funeral home. All of our directors are certified and exceptional at what they do.

What's different about our company is that we do not own our own chapel or visitation space. Reducing what we have to physically maintain and minimizing overhead costs allows us to reduce the fees we charge to you and all of the families we serve. Our company rents existing public locations across the province to host the services we provide.

Our staff is trained to identify the needs of families and offer them options that suit those needs. We work with them to provide what they want and what their loved one would have wanted.

Our flexibility allows us to provide meaningful service at an affordable cost. Whether we meet in person, converse through email, or discuss over the phone, we work to provide constant and effective communication every step of the way.
